Welcome to Moorland

FROM OUR HEADTEACHER

Here at Moorland we see ourselves as an extension of your own family. Our ethos is to create an atmosphere that feels like a family, giving pupils a place to come and grow in a nurturing environment providing young people with the tools and support needed to achieve their true academic and social potential.

My responsibility is to ensure that your children are happy, well-educated, confident and socially prepared for life after Moorland.

With a team of dedicated teachers and staff we will work in partnership with you to ensure your child achieves the best educational outcome possible and is able to grow whilst studying at our school.

We are looking forward to working with your child and supporting them on their educational journey.

MRS DEBORAH FROST

The Moorland Difference

Family is at the heart of everything we do here at Moorland. We see our students as part of our own family providing a small, nurturing learning environment and for our boarders the school also acts as their home, creating a warm, happy and caring atmosphere from the beginning.

This ethos is paramount to the levels of success and happiness we deliver to all of our students and we actively encourage a warm and respectful environment for all, celebrating success and progress at every opportunity. We have a traditional approach to education, understanding that every child is unique and their learning journey should be too.

We believe every child that leaves Moorland will be well-rounded, ready for the demands of adult life and able to forge a successful career creating exceptional futures.

Moorland is a non-selective private school. We enrol children, not on their academic ability, but on their attitude to learning and, in the main, on what we see as their ability to benefit from the personalised attention and safe learning environment we offer. We want to ensure that every child achieves their true academic, social and emotional potential within a secure and happy family environment.

By bringing together one of the region's strongest teams of highly qualified, caring, competent and dedicated teaching professionals we are able to ensure all students achieve internationally recognised excellence in their academic studies and in dance, football and sport.

The Moorland Ethos

Academic Excellence

WORK CONQUERS ALL

Our school motto encompasses everything we stand for at Moorland whether that be academic, sporting development or extracurricular pursuits. Our excellent academic results speak for themselves.

This comes from us enabling students to pursue their ambitions in a positive atmosphere, accommodating all students; needs and enabling them to reach their full potential.

We believe in differentiating resources to meet the specific identified learning needs of children whilst calmly explaining and warmly delivering academic content. This nurturing approach gives students the confidence to achieve all that they set their minds to.

Achieve All
Achieve All

Achieve All

A photograph of two young women in business attire, smiling and looking towards the right. The woman on the left has light brown hair in a ponytail, and the woman on the right has dark hair. They are both wearing dark blazers over light-colored shirts. The background is a blurred office interior with large windows. A repeating text overlay, ". WORK CONQUERS ALL . WORK CONQUERS ALL .", is visible across the background in a light, semi-transparent font. A small yellow object is visible at the bottom center of the frame.

The Heart of the Ribble Valley

Moorland Nursery

BEAUTIFUL NATURAL SURROUNDINGS

Moorland Nursery nurtures children from birth to five years of age, supporting their future progression. We ensure that children are socially and emotionally confident and happy during their formative school years. We engage with children's curiosity in a meaningful and developmental way, reinforcing strong social traits and learning practices.

We believe in providing pre-school children with a holistic education - children learn best when engaged in interesting environments and exercises - and our nursery attendees develop a life-long love of learning whether that be indoors or out, learning academically or practically, creatively or physically.

Infant School

THE FAMILIES CHOICE

Moorland Infant School aims to ensure all of our children return home every day, happy and inspired, taking the first steps in their learning journey. We develop our children's social, mental and educational wellbeing by providing a caring environment with passionate teachers, carers and support staff, along with our unique family environment. Students and staff benefit from small class sizes which allow our staff to understand each child's individual needs and tailor their learning experience from their very first day at Moorland.

Foundational education is an integral part of learning at Moorland as it creates the initial practices that students will need throughout their school careers. Our teaching goes beyond the classroom, promoting learning as a lifelong endeavour planning trips, days out and engaging with the local area making learning a community activity. We also have brilliant facilities on-site to encourage extra-curricular activities from a young age.

Junior School

HAPPY, CONFIDENT CHILDREN

Within the Junior School, our ultimate aim is to provide individualised learning for each child. Due to our small class sizes we have the ability to provide unique learning pathways whilst also setting personalised targets for each student. Assessments take place each half term, allowing us to regularly evaluate understanding and progression throughout the academic year so that we are able to provide feedback to parents and guardians as well as enabling us to evaluate the quality of our teaching as well as learning.

Moorland creates an environment where 'children can be children'. We provide a feeling of freedom and exploration ensuring children have the desire to learn. All of our students see Moorland as an extension of their family from a young age.

Senior School

EXCEEDING YOUR POTENTIAL

Moorland offers a unique curriculum throughout the Senior School. The school's ethos of selecting students based upon their attitude to learning as well as the reduced class sizes means that every student has a tailored curriculum enabling young people to learn differently and at their own pace, as well as allowing them to explore their interests and pursue their vocational passions. Offering a broad range of subjects, our curriculum tailors lessons, subjects, topics and learning pathways to engage minds and promote independent thought as students prepare for their GCSEs.

We also promote strong social skills which are a vital part of student development, particularly in the Senior School. We aim to develop character traits such as confidence, respect and communication which are a hugely important part of learning, preparing students for the requirements of further study and the workplace as well as for life.

MOORLAND SCHOOL Sixth Form Family

Moorland Sixth Form builds upon previous learning and gives students the platform to achieve their life goals. We offer a varied and balanced curriculum which allows pupils to achieve their potential as they gear up to adult life in a supportive and stimulating atmosphere. Careful attention is paid to the needs of the individual with tailored programmes put in place to ensure students reach their maximum potential whilst in a family atmosphere perfect for developing interpersonal skills including confidence, communication and respect.

The focus on individual development allows us to prepare students for A-levels and for bespoke programmes combining A-levels, BTEC and vocational courses, providing support on UCAS applications and laying firm foundations for our students as they prepare for life beyond Moorland.

Our Home

THE OAKS

The Oaks was built in 2010 and provides modern and spacious boutique style living and common area spaces for our boarders. Moorland boarding is home to students originating from all corners of the globe, creating a sense of multicultural diversity and understanding which further enriches friendships and personal development.
